Re: Uranium Energy Corporation Application for Production Area Authorization No.  
UR03075PAA1

Dear Chief Clerk:

We request a public meeting in Goliad County, Texas with the Texas Commission on Environmental Quality (TCEQ) and Uranium Energy Corporation (UEC) regarding Uranium Energy Corporation Application for Production Area Authorization No. UR03075PAA1.

We request a contested case hearing on the Uranium Energy Corporation Application for Production Area Authorization No. UR03075PAA1.

We live at the intersection of U.S. Highway 183 and Dobskyville Road in Goliad County, Texas, which is very near the requested permit area. Our proximity to the proposed mining area would cause us to be adversely affected in a way not common to the general public.

We are very concerned about the probability of the contamination of our personal and livestock drinking water. We are also very concerned with the fact that the excessive use of water for mining and so called cleanup after mining could effectively deplete the water that we are now using for us and our livestock.

We strongly protest the granting of this permit.

Thank you for the opportunity to submit our comments.

Sincerely,

Raymond Arnold

  
Karon Arnold
